

Annual Report 2018

Councillor Shirley Smart – Newport South Ward

Throughout the last year I have continued to work with residents of Newport South. A number of roads have been resurfaced including St Johns and I have been assured that at long last Whitepit Lane will be resurfaced in September 2019.

I am involved with local Mums who are well under way with preparation to revamp Nelson Road play area.

Speeding remains a problem in many parts of the ward including our estates and rural Whitcombe Road for instance. I have been looking into these matters with local police and Island Roads. 20 mile per hour is being investigated.

A difficult year weather wise for island Carnivals but again our own Newport Carnival of which, for many years I have been President ,attended almost all. Please note date for the coming year THURSDAY 26TH JULY and SATURDAY 18TH AUGUST.

On a personal note may I thank my fellow residents of our ward for their many messages of support during my recent cancer and confirm I am now in full remission.
