

## Annual Report 2019

Councillor John Kilpatrick – Binstead & Fishbourne Ward

Now into my second year as your Ward councillor, and a busy year it's been.

I've been working hard with Island roads and Wightlink to ensure the main gateway to and from the Island is fit for purpose. New matrix information signs have been installed at the Fishbourne Lane junction and resurfacing work is now planned to commence in July 2019.

I've worked closely with Binstead residents on complex planning issues and represented them in my role on the Planning committee with some excellent outcomes.

Sitting on five different committees has kept me fully involved within the council.

I regularly attend both Binstead partnership meetings along with Fishbourne parish council meetings and surgeries.

My ultimate aim is to represent all the residents of Binstead and Fishbourne and to help deal with any issues that arise.

I look forward to serving you throughout 2019.
