

JOB SUMMARY

Post Title	Family Practitioner						
Job Family	<i>Business Support</i>	Pay Range	8	Line Manager to others?	Yes /No	Role profile ref	<i>BS08</i>
Service Area	<i>Children and Families</i>						
Line Manager	<i>Team Managers in the Child Assessment and Safeguarding Teams</i>						
Location	<i>Agile and County Hall</i>						

Job Purpose

Under supervision to case hold families who are considered by the Team Manager as eligible to receive statutory services under Sec 17 of the Children Act 1989 to ensure families are given the appropriate level of support within the provisions of the service.

To support qualified social workers in the provision of services identified through assessment in accordance with agreed competencies, quality standards and Departmental standards of good practice.

Job Context (key outputs of team / role to provide some specific examples of role profile accountabilities)

The 2022 independent review of children's social care has been described as a once in a generation opportunity to transform the children's social care system and provide children with loving, safe, and stable families. The Isle of Wight in our partnership with Hampshire County Council, rated as outstanding by Ofsted, are one of the first Councils in the country to recruit to the new role of Family Practitioner described in the care review. This builds on our local success of developing and delivering multi-professional teams to support, safeguard and promote positive outcomes for children.

In our most recent Ofsted inspection in 2021, inspectors found that, '*The resilience around families team (RAFT) works alongside children and their families to provide multi-disciplinary intervention and support. The targeted support is effective and valued by families.*'

These eight new Family Practitioner roles will be based in pairs within each of our four Children's Assessment and Safeguarding Teams (CAST) teams.

As a Family Practitioner each will work with specific children and young people on a child in need plan decided by the Team Manager, taking account of the needs of the family and the existing and developing skills and experience of individual Family Practitioner.

They will jointly undertake initial assessments of need with social worker colleagues in specific situations, develop and progress family plans as well as delivering a range of tasks and interventions; all within our strengths-based framework aimed at keeping more children safely at home.
