

We are delighted to welcome all our new children due to start with us Wootton Primary in September. During this unsettled time, we would like to reassure you that we are planning to continue to deliver our transition package to you and your child to ensure that you all feel confident with the arrangements that we always put in place to provide your child with the best start to school. These activities start the beginning of our special relationship with you, we feel honoured that you have chosen us to educate and care for your most precious thing, your child, and we are looking forward to working with you over the next seven years as we watch your child flourish with the opportunities and teaching we will provide. Our Reception teacher, Mrs Cowell and her team will contact you very soon to share some information that you may find useful and ways they can get to know your child ready for the start of term. If school remains closed during the term we will endeavour to organise other opportunities for your child to come in to school to meet the staff and complete a range of activities in their classroom environment so that they are familiar with their surroundings before starting school.

If needs be, we will share our information session virtually for you so that you can still access the same information and reassurance we hope to provide at our parent information session, please do not worry about your child starting school during this difficult time.

To enable us to make contact with you, please email [headteacher@woottonpri.iow.sch.uk](mailto:headteacher@woottonpri.iow.sch.uk) so we can then get communication between us set up to begin the next stage of your child's journey.

We look forward to working with you.
