

WELCOME TO YAVERLAND

This magnificent bay is characterised by craggy cliffs and clean, crisp waters. The appealing sand and stone beach runs between the imposing Culver Cliff at one end and Sandown at the other. With its own sailing club and windsurfing, canoeing, kite surfing and jet skiing all on offer, thrill-seekers will be in their element at this pleasant beach. Quieter than the other beaches between Sandown and Shanklin, Yaverland offers safe swimming and exciting fossil hunting by the cliffs. There is a zoo and dinosaur museum only ten minutes' walk away.

During the summer season Yaverland beach is litter picked on a daily basis and large amounts of seaweed are removed and taken to local farmers for use as compost. Emergency equipment such as lifebelts are strategically located along the Esplanade in order to ensure safety at any time of the year. The Inshore Rescue is also close at hand and is always on call by the Coastguard. Safe bathing and a mild climate with consistently high placings in the UK sunshine records provide the essential ingredients for a great summer holiday.

Like anywhere, Yaverland has its natural hazards so be sure to read the safety guidelines and have a good time. Information is provided at each area so check this out to ensure your own safety and where appropriate do not swim when the Red Flag is flying.
