1.	<p>Welcome and Introduction – Amanda Gregory</p> <p>Amanda Gregory welcomed everyone to the meeting and asked Community Safety Partnership (CSP) members to briefly introduce themselves.</p>
2.	<p>Communications Plan and Community Engagement – Jim Pusey</p> <p>Jim Pusey explained that he provided support to the CSP by taking the first draft of this plan from colleagues for the IOW Council communications team last year and worked to redraft it as distributed to the group with the agenda. The aim is to give clarity around the commissioning process, the sign off procedure, the standard text that would accompany all communications, branding in terms of logo and make it clearer which partner owns/signs off on which part of the plan. This document is for review and a decision on how to move this forward/implement.</p> <p>AG drew everyone’s attention to the risk section and lack of capacity to produce a regular newsletter.</p> <p>Although this is the responsibility of the IWC and the CSP and their communications team, in order to make this work ongoing, each partner needs to take responsibility for their part and ensure the provision of content for their area especially in respect of the internal newsletter. It was suggested that we agree a schedule of communications/messages, identify who the lead partner is and that partner is then responsible. It is the responsibility of all partners of the CSP to champion the group and lead within their own organisations.</p> <p>Action: AG to follow up with Helen Wheller and Jo Sedgemond, IOW Council Media Team, to see where this fits and how it can be managed/updated going forward.</p> <p>Action: Partners to check if they are happy with the list of ownership on page 5 and feedback any changes to HT.</p> <p>Action: Partners to provide key dates for the document and messages that they will lead on so that we have a schedule of those ready for the communications team to receive.</p> <p>Action: Where possible, partners to provide links to the CSP on their web pages.</p>
3.	<p>Serious Organised Crime Profile – D/Supt Darren O’Callaghan</p> <p>Detective Supt Darren O’Callaghan presented this to the group, as attached,</p>

	<p>and informed everyone that he is happy for this to be shared and encouraged sharing as appropriate and he also welcomed any feedback.</p> <p>Serious Organised Crime is about Harm, Exploitation and Vulnerability, reaching into our communities and part of our front end business – e.g. violence, missing people, exploitation. In addition if anyone would like more details around any particular part of the presentation for a focus group, he is happy to facilitate.</p> <p>It was suggested that this would be useful to share with the DAAT Board and to include in the Strategic Assessment.</p> <p>Action: HT to add the Serious Organised Crime Profile to the Strategic Assessment.</p> <p>Action: AG to organise a workshop with the LSAB and LSCB and some to look at the Capability Maturity Model (which looks at the layers of partnership and how each help deliver) from the Serious Organised Crime Profile.</p>
4.	<p>Minutes and Actions from the last Meeting on 30 November 2017</p> <p>The minutes from the last CSP Meeting held on 30 November, 2017 were approved.</p> <p>The Action Sheet was updated as attached.</p>
5.	<p>Counter Terrorism Local Profile (CTLP) – Kelly Glistler and Rebecca Phillips</p> <p>Kelly Glistler presented the Counter Terrorism Local Profile which is an Official Sensitive document designed for the Prevent duty specified authorities to help inform their organisations. They are considering a less detailed document that can be shared a bit more widely.</p> <p>She noted that they have conducted some data collections workshops over the last year. One was held here in March to discuss IOW – perceived or emerging themes that agencies were seeing so that that data could be included for consideration and examination through this product. They are still working to smooth out discrepancies, compare and quality assure so that we have the best picture possible but this is an evolving process.</p> <p>Action: The regional recommendations to be brought to the September CSP agenda.</p>
6.	<p>Reducing Reoffending Draft Strategy – Nikki Shave</p> <p>Nikki Shave presented the Reducing Reoffending Draft Strategy as</p>

	<p>distributed to the group with the agenda. She has worked on this with TJ Abrahams and Sarah Herbert from YOT and also the Reducing Reoffending sub group.</p> <p>The key points:</p> <ul style="list-style-type: none"> • NS drew everyone’s attention to the Principles listed under item 8 on page 19 which focusses on all partners managing offenders. • NS drew everyone’s attention to the data and analysis that was used (page 7 onwards). • 54% of offenders have a drug/alcohol dependency – GB to send invites to the Adult Safeguarding Board for the DAAT meetings. • NS drew everyone’s attention to the identified areas to concentrate on as listed on page 21 and following feedback, the reoffending subgroup will develop an Action Plan and provide an update to CSP every other meeting. <p>Action: CSP agreed the strategy and to be updated twice a year on progress of the action plan. Action: GB to send out invites to a DAAT meeting Action: HT to invite a representative from YOT to CSP.</p>
<p>7.</p>	<p>Strategic Plan Progress and Recommendations for 2018 - 20 – Helen Turner</p> <p>Helen Turner presented the updated Strategic Plan Progress and Recommendations for 2018-20 and the document is updated as attached.</p> <p>The next step is to work on the Strategic Assessment and the first step is take the Force Strategic Assessment and the Police and Crime Commissioner’s priorities and include them.</p> <p>Recommendations:</p> <ol style="list-style-type: none"> 1. A two year plan which is reviewed rather than renewed. 2. HT needs to put forward a proposal for the priorities for the next meeting. 3. The plan to be organised into themes: reducing reoffending, reducing alcohol and drug related crime, protecting vulnerable people (including domestic abuse) and strengthening community confidence and cohesion (identified that feeling safe has an impact on crime). 4. HT suggests going back to Leads to get priorities and come up with a list to circulate between meetings for feedback. 5. Suggested that the priorities need to be Specific and then make links to the other partnerships. 6. Actions and area priorities should be evidence based – strategic assessment.

	<p>Decision: The recommendation for a two year plan and also the themes were agreed.</p> <p>Action: HT to work with leads to confirm the priorities using findings from the Strategic Assessment.</p>
8.	<p>Report on VAWG (Violence Against Women and Girls) Governance – Supt Sarah Jackson</p> <p>Sarah Jackson explained and presented the suggested new VAWG Governance as distributed to the group with the agenda.</p> <ul style="list-style-type: none"> • This forum has been chaired by Kathy Marriott for about two years and focussed on the commissioning of services. • Historically the funding and the completing of work around domestic abuse has been located with the Adult Safeguarding Board Team – Adult Social Care. • In March a paper went to the Safeguarding Adult Board recommending that the governance of the Board should transfer to the CSP and in addition that the function of DA in the Council would come under Community Safety • Two things to consider – the completing of the work and the managing of the contract of the commissioning. • A paper will go to the Adult Safeguarding Board on June 15th with recommendations for partners (who fund the Board) around future funding of the VAWG. • The preferred option is that the coordinator role is funded as well the commissioning work. • The group needs to decide/agree today whether VAWG and Domestic Abuse should sit under the governance of the CSP and Sarah would take over the Chair. <p>Decision: It was agreed that VAWG and Domestic Abuse would sit under the governance of the CSP going forward and Sarah Jackson would be the Chair.</p>
9.	<p>Date of Next Meetings:</p> <p>The next meeting is scheduled for 26 September 2018.</p> <p>To include Prevent Update, Strategic Assessment and Plan.</p>
