Mick Halliday (MH)	IOW Community Safety
Sharon Buxton (SB)	Southern Housing Group
Rebecca Morgan (RM)	Sovereign Housing Association
Danika Barber (DB)	Senior Analyst, IOW Public Health
Elizabeth Collier-Bain	Minute Taker

1.	<p>Welcome and Introductions</p> <p>Amanda Gregory, Chair, welcomed everyone to the meeting. Introductions were made.</p> <p>Apologies received from Helen Turner, TJ Abrahams from Probation and Sue Lightfoot for CCG.</p> <p>She also referred to additional papers sent to the group:</p> <p>Drugs and Alcohol Board Report from Gilles Bergeron National Probation Service - framework for Community Safety Partnerships</p> <p>It was noted for the Minutes that statutory partners should make an effort to attend these meetings in order that items can be processed</p>
2.	<p>Minutes and Actions from the last Meeting</p> <p>The minutes of the CSP Meeting held on 12 October 2017 were approved.</p> <p>The action sheet was updated as attached.</p>

3.	<p>Community Safety Strategic Assessment</p> <p>Danika Barber presented the Community Strategic Assessment and took feedback and suggestions from the Group.</p> <p>It was noted that it is often difficult to compare data to previous years as crime recording has changed. Also percentages can be deceiving when the IOW has low numbers to start with.</p> <p>With reference to the high percentage of youth re-offenders, KM reassured everyone that there is a time lag in the data. There has been work with the Youth Justice Board who have reviewed our data and identified that a lot of the issues were in relation to education, safeguarding and lack of triage and there are new arrangements in place as a result. The new triage arrangements have been recognised as excellent practice around the region. There is now a live tracker which should give clearer indicators around the current issues, level of re-offending and key issues which can be fed back to the group.</p> <p>It was noted that drug offences data is more about police activity rather than a picture of drug activity on the Island.</p> <p>It was felt by the group that there are too many priorities that are too broad. Many of the priorities are picked up by other groups and this could then be noted on the document, it is important not to duplicate. AG confirmed that these are emerging priorities which are required of the group but whether or not there are actions put against each of them for the CSP is different as they could indeed be picked up by other forums. The subsequent Plan will be more about looking at where the gaps are. It was identified that it would be useful to have update reports from the other groups dealing with some of these actions. It was also agreed that the CSP need to be more specific so that we do not set ourselves up for failure. It was noted that some of the work would fall to the groups who are working on preventative measures to combat specific problems – LAAA/IOM.</p>
4.	<p>Community Safety Strategic Plan</p> <p>With reference to the Delivery Plan put together by Helen Turner showing objectives and the partners responsible, this will be revisited once the Strategic Assessment has been updated.</p>
5.	<p>Review of CSP Membership/Chair and Finance</p> <p><u>Membership</u></p> <p>AG explained that each year the CSP should review its membership; all the agencies should be represented at a level that can make decisions on behalf of the strategic partners. She explained some of the background - the CSP was inactive for many years and following that there were very few statutory members for a number of reasons. To be effective there needs to be an appropriate</p>

number of members and appropriate representation in order to deliver what needs to be delivered. Housing is an example of a recent and crucial addition to the membership to help impact what we are trying to do.

HT produced a short survey on the membership of the CSP which she sent out to the group but not everyone responded.

Statutory members are:

IOW Council and Cabinet Member
Hampshire Constabulary
Fire and Rescue Service
CRC
National Probation
CCG who represent Health

The additional members that we have are :

Housing
Public Health
Children Services/Youth Offending

The group needs to decide if additional people should be present. Results from the survey suggested Mental Health (covered by SK), PCC office, NHS (covered by SK), Adult Safeguarding, Prisons and Youth Offending (covered by KM).

It was agreed not to have a PCC representative.

Other Suggestions:

- Someone from environment, planning and regeneration.
- Ambulance – they hold a lot of data
- Prison Service – they have a high level of crimes
- Voluntary Organisations

It was established that some Ambulance data had already been provided from the NHS. Discussed that as an organisation they would not be a good addition at strategic level and can be represented under NHS.

Following discussion around voluntary organisations it was difficult to invite only one and Community Action were quite overstretched, it was agreed that membership should fall out of the actions required of the priorities that we set. The strategic partners should focus on the key priorities. Once all the priorities have been set and task and finish groups set up, we may invite people from those areas of business to attend CSP meetings as and when needed rather than have them sit at strategic partner level. Some members of the Voluntary

	<p>sector could also be invited but as part of the task and finish groups as there are capacity issues that may prevent them from attending regularly – Mike Bulpitt, Barnardos and WOW.</p> <p><u>Chair</u> It was agreed that Amanda Gregory should remain as Chair with Helen Turner supporting her and Elizabeth as minute taker.</p> <p><u>Meetings</u> It was agreed that the PREVENT Board should meet once a year and CSP three times per year. The middle CSP meeting should have the Prevent Plan as a standing agenda item.</p> <p><u>Funding</u> The DHRs in the past year have meant that we had to find £15,000 of additional funding. There is always the question of funding for an analyst. It was suggested that the analysis should give us direction for the next three years instead of just one. AG explained that there are options in terms of how frequent we do a full review or refresh and that she would discuss with HT. Therefore it was agreed that we should move forward with a lighter refresh where possible for example a major analysis every three years and a lighter version and rolling plan in between.</p>
6.	<p>CSP Communications Plan</p> <p>AG suggested that all members look at this Plan taking special note of the risks under section 4 and feedback comments to AG.</p>
7.	<p>Closed part of Meeting for Statutory Partners Only - Presentation of DHR Reports</p> <p>.</p>
8.	<p>Date of Next Meetings:</p> <p>Prevent 13 July at 1030 CSP Scrutiny 7 November at 1700 CSP 30 November Public Meeting at 1400</p>
