

A Guide to the proposed housing allocations as set out in the draft Island Planning Strategy

1. The proposed residential allocation policies are set out in the 'Delivering the Housing We Need Chapter', specifically DHWN 2, DHWN3 and Appendices 1 and 2. These detail the requirements for those sites that have been proposed as allocations.
2. The flow chart below sets out the policy framework for proposed residential allocations.

3. For all proposed allocations there will be other policy requirements that will need to be considered in other parts of the draft Island Planning Strategy.
