Notes

The amounts shown on your bill will be different to those above if you are in receipt of a discount, eg the single person reduction or council tax support.

Both the general IWC and Adult Social Care precept increases shown on your bill are calculated on the basis of the percentage on the total Isle of Wight Council charge for the previous year.

It is a government requirement that the Adult Social Care precept is shown on your council tax bill as cumulative amount on the years 2016-17 to 2023-24
